

Ever since it became evident that the children of Cambridge Park were benefitting from the services offered by the Bristol Boys and Girls Club, the Bristol Housing Authority (BHA) became committed to supporting the Club's location at Cambridge Park. From Family Day to resident activities that benefit the entire community, BHA has worked with the Bristol Boys and Girls Club to make these things happen. We know, however, that it takes more than partnering on events to sustain the efforts and important work of the Club, which is why BHA was pleased to donate \$30,000 to the Cambridge Park Unit of the Bristol Boys and Girls Club to help with operations and the continuance of invaluable services to our families and most importantly, our children.
